Bioesque Solutions Graffiti Remover Gel is the ultimate graffiti remover for smooth/painted surfaces, like doors, fences, lockers, bathrooms, signs and siding. This unique biodegradable gel, clings to surfaces to effectively remove unsightly markings left by vandals without the hazardous chlorinated solvents used in may products. Our more environmentally friendly blend contains bio-based solvents and surfactants and removes spray paint, permanent marker, lipstick and more. Simply spray on the vandal's marks and allow to penetrate for a couple of minutes and wipe away. Bioesque Solutions Graffiti Remover Gel can be used on all types of metals, glass, porcelain, and many painted surfaces.

Removes:

Permanent Markers	Primer	Oil Lacquers
Spray Paints	High Gloss	Semi-Gloss
Acrylic Enamel	Sealers	Lipstick
	Urethane Enamels	Adhesives

Recommended for Use On:

Aluminum	Formica
Metals/Alloys	Glass
Street Signs	Stainless Steel
Tile	Coated Metals
Fiberglass	Fences & Siding

Directions for Use: Important: Always test first on an inconspicuous area. Some synthetic surfaces such as Asphalt Tile, Rubber, Certain Paints and Plastics may be damaged by solvents. If in doubt as to type of surface, try first on small hidden area. If no solvent damage occurs on test area go ahead with cleaning process outlined below. Not recommended for use on non-colorfast materials or woodwork.

Directions For Hard Surfaces: Thoroughly spray area damaged by graffiti and wait 3-5 minutes. Wipe off with a clean cloth/towel Repeat if necessary. A non-scratch scouring pad may help remove thicker marking materials.

Note: Use only as directed, intentional misuse can be harmful or fatal.
